Subject: Jersey City Division Action Plan

Mark:

Attached is an action plan based on the division review as well as observations in the field. You will clearly see that the primary opportunities lie in basic execution of programs. For most of 1996 my division has been running with 1-2 SR and 1-2 RR vacancies. Were finally getting up to speed on personnel, barring anymore mysterious illnesses. Also attached to the action plan are display plan-o-grams, I think these loads will help us appeal to the large number of Box consumers in our marketplace.

Mike.
